

A 3x3 grid puzzle. The grid contains numbers 1 through 9 in various cells. Some cells contain a circle and an arrow indicating a path. The paths are as follows:

- Cell 1 (Row 1, Column 3):** A circle at (1,3) with an arrow pointing up to (0,3), then left to (0,2), then down to (1,2).
- Cell 6 (Row 2, Column 2):** A circle at (2,2) with an arrow pointing left to (2,1), then up to (1,1), then left to (1,0), then down to (2,0).
- Cell 8 (Row 2, Column 3):** A circle at (2,3) with an arrow pointing left to (2,2), then up to (1,2), then left to (1,1), then down to (2,1).
- Cell 7 (Row 3, Column 1):** A circle at (3,1) with an arrow pointing right to (3,2), then up to (2,2), then left to (2,1), then down to (3,0).
- Cell 9 (Row 3, Column 2):** A circle at (3,2) with an arrow pointing right to (3,3), then up to (2,3), then left to (2,2), then down to (3,1).
- Cell 1 (Row 3, Column 3):** A circle at (3,3) with an arrow pointing right to (3,4), then up to (2,4), then left to (2,3), then down to (3,2).

The grid is divided into four quadrants by a vertical line between columns 1 and 2, and a horizontal line between rows 2 and 3.
