

A 6x6 grid puzzle. The grid is divided into four 3x3 quadrants by a vertical line between columns 3 and 4, and a horizontal line between rows 3 and 4. The puzzle contains numbers and arrows indicating paths. The numbers are: 8 (row 1, col 3), 4 (row 2, col 2), 3 (row 2, col 4), 8 (row 2, col 5), 6 (row 3, col 1), 5 (row 3, col 3), 8 (row 3, col 4), 6 (row 4, col 4), and 1 (row 4, col 6). Arrows indicate paths starting from these numbers and moving in the four cardinal directions. For example, the number 8 at (1,3) has an arrow pointing left to (1,1) and another pointing down to (2,3). The number 1 at (4,6) has an arrow pointing left to (4,4) and another pointing up to (3,6).
