

A 3x3 grid puzzle. The grid contains numbers and paths of circles and arrows. The paths are as follows:

- 1** (top-left): A path of two circles, one at (1,1) and one at (1,2). Arrows point from (1,1) to (2,1) and from (1,2) to (2,2).
- 2** (bottom-left): A path of two circles, one at (3,1) and one at (3,2). Arrows point from (3,1) to (2,1) and from (3,2) to (2,2).
- 3** (middle-right): A path of one circle at (2,3). An arrow points from (2,3) to (2,4).
- 4** (bottom-right): A path of two circles, one at (3,3) and one at (3,4). Arrows point from (3,3) to (2,3) and from (3,4) to (2,4).
- 5** (top-middle): A path of two circles, one at (1,2) and one at (1,3). Arrows point from (1,2) to (2,2) and from (1,3) to (2,3).
- 6** (top-right): A path of one circle at (1,3). An arrow points from (1,3) to (1,4).
- 7** (middle-left): A path of one circle at (2,1). An arrow points from (2,1) to (2,2).
- 8** (middle-left): A path of two circles, one at (2,1) and one at (2,2). Arrows point from (2,1) to (3,1) and from (2,2) to (3,2).
