

A 3x3 grid puzzle. The grid contains numbers and paths of circles and arrows. The paths are as follows:

- Row 1:**
  - Column 1: Two circles, one above the other. An arrow points from the top circle to the middle circle in Column 2.
  - Column 2: A circle with the number 7 above it and the number 3 below it. An arrow points from the circle with 3 to the middle circle in Column 3.
  - Column 3: Two circles, one above the other. An arrow points from the top circle to the middle circle in Column 2.
- Row 2:**
  - Column 1: One circle. An arrow points from this circle to the middle circle in Column 2.
  - Column 2: One circle. An arrow points from this circle to the middle circle in Column 3.
  - Column 3: One circle. An arrow points from this circle to the middle circle in Column 2.
- Row 3:**
  - Column 1: One circle. An arrow points from this circle to the middle circle in Column 2.
  - Column 2: One circle. An arrow points from this circle to the middle circle in Column 3.
  - Column 3: One circle. An arrow points from this circle to the middle circle in Column 2.
