

A 3x3 grid puzzle with numbered clues and paths. The grid is divided into nine 3x3 sub-grids by thick black lines. The clues and their paths are as follows:

- Clue 1:** Located in the top-left sub-grid. The path starts at the clue, moves right, then down, then right again, ending at a circle in the top-right sub-grid.
- Clue 2:** Located in the middle-left sub-grid. The path starts at the clue, moves right, then down, then right again, ending at a circle in the bottom-left sub-grid.
- Clue 3:** Located in the top-left sub-grid. The path starts at the clue, moves right, then down, then right again, ending at a circle in the top-right sub-grid.
- Clue 4:** Located in the middle-right sub-grid. The path starts at the clue, moves left, then down, then left again, ending at a circle in the bottom-right sub-grid.
- Clue 5:** Located in the bottom-left sub-grid. The path starts at the clue, moves right, then down, then right again, ending at a circle in the bottom-right sub-grid.
- Clue 6:** Located in the bottom-right sub-grid. The path starts at the clue, moves left, then down, then left again, ending at a circle in the bottom-left sub-grid.
- Clue 7:** Located in the top-right sub-grid. The path starts at the clue, moves left, then down, then left again, ending at a circle in the top-left sub-grid.
