

The image shows a 3x3 grid of 9 squares. Each square contains a different arrangement of circles and arrows. The circles are numbered 1 through 7. The arrows indicate the direction of movement from each circle. The grid is divided into three rows and three columns by thick black lines.

- Top Row:**
 - Top-left square: Circle 1 at (1,1), arrow pointing right to (1,2).
 - Top-middle square: Circle 2 at (2,1), arrow pointing up to (2,2); Circle 3 at (2,2), arrow pointing up to (2,3); Circle 4 at (2,3), arrow pointing up to (2,4).
 - Top-right square: Circle 5 at (3,1), arrow pointing up to (3,2); Circle 6 at (3,2), arrow pointing up to (3,3); Circle 7 at (3,3), arrow pointing up to (3,4).
- Middle Row:**
 - Middle-left square: Circle 1 at (1,1), arrow pointing right to (1,2); Circle 2 at (2,1), arrow pointing up to (2,2); Circle 3 at (3,1), arrow pointing up to (3,2).
 - Middle-middle square: Circle 4 at (4,1), arrow pointing right to (4,2); Circle 5 at (4,2), arrow pointing right to (4,3); Circle 6 at (4,3), arrow pointing right to (4,4).
 - Middle-right square: Circle 7 at (5,1), arrow pointing right to (5,2); Circle 8 at (5,2), arrow pointing right to (5,3); Circle 9 at (5,3), arrow pointing right to (5,4).
- Bottom Row:**
 - Bottom-left square: Circle 1 at (1,1), arrow pointing right to (1,2); Circle 2 at (2,1), arrow pointing up to (2,2); Circle 3 at (3,1), arrow pointing up to (3,2).
 - Bottom-middle square: Circle 4 at (4,1), arrow pointing right to (4,2); Circle 5 at (4,2), arrow pointing right to (4,3); Circle 6 at (4,3), arrow pointing right to (4,4).
 - Bottom-right square: Circle 7 at (5,1), arrow pointing right to (5,2); Circle 8 at (5,2), arrow pointing right to (5,3); Circle 9 at (5,3), arrow pointing right to (5,4).
