

A 3x3 grid puzzle. The grid is divided into three rows and three columns. The cells contain the following elements:

- Row 1:**
 - Cell (1,1): An arrow pointing up-left.
 - Cell (1,2): An arrow pointing up-right.
 - Cell (1,3): A circle, the number 8, and an arrow pointing up-right.
- Row 2:**
 - Cell (2,1): The number 1, a circle, and an arrow pointing down.
 - Cell (2,2): A circle and an arrow pointing down.
 - Cell (2,3): The number 2, a circle, and the number 4.
- Row 3:**
 - Cell (3,1): A circle and an arrow pointing down.
 - Cell (3,2): The number 2, a circle, and an arrow pointing down.
 - Cell (3,3): A circle and an arrow pointing down.

Arrows are placed in the empty cells, and circles are placed in the cells containing numbers. The puzzle is to determine the correct placement of the numbers 1, 2, 4, and 8 in the empty cells.
