

A 3x3 grid puzzle. The grid contains numbers and line patterns. The numbers are 5, 7, 9, and 5. The line patterns are as follows:

5	7	5
5	9	
		5

The line patterns are as follows:

- Row 1, Column 1: A vertical line with a horizontal segment at the top and a horizontal segment at the bottom.
- Row 1, Column 2: A vertical line with a horizontal segment at the top and a horizontal segment at the bottom.
- Row 1, Column 3: A vertical line with a horizontal segment at the top and a horizontal segment at the bottom.
- Row 2, Column 1: A vertical line with a horizontal segment at the top and a horizontal segment at the bottom.
- Row 2, Column 2: A vertical line with a horizontal segment at the top and a horizontal segment at the bottom.
- Row 2, Column 3: A vertical line with a horizontal segment at the top and a horizontal segment at the bottom.
- Row 3, Column 1: A vertical line with a horizontal segment at the top and a horizontal segment at the bottom.
- Row 3, Column 2: A vertical line with a horizontal segment at the top and a horizontal segment at the bottom.
- Row 3, Column 3: A vertical line with a horizontal segment at the top and a horizontal segment at the bottom.
