

A 3x3 grid puzzle. The grid contains numbers 1 through 9 in various cells. Some cells contain a circle with a path of arrows leading to it. The paths are as follows:

- Cell 1 (Row 1, Column 3):** A circle with an arrow pointing down from the cell above it (Row 2, Column 3).
- Cell 2 (Row 1, Column 4):** A circle with an arrow pointing left from the cell to its right (Row 1, Column 5).
- Cell 3 (Row 1, Column 5):** A circle with an arrow pointing left from the cell to its right (Row 1, Column 6).
- Cell 4 (Row 2, Column 1):** A circle with an arrow pointing up from the cell below it (Row 3, Column 1).
- Cell 5 (Row 2, Column 2):** A circle with an arrow pointing left from the cell to its right (Row 2, Column 3).
- Cell 6 (Row 2, Column 3):** A circle with an arrow pointing left from the cell to its right (Row 2, Column 4).
- Cell 7 (Row 2, Column 4):** A circle with an arrow pointing left from the cell to its right (Row 2, Column 5).
- Cell 8 (Row 3, Column 1):** A circle with an arrow pointing up from the cell below it (Row 4, Column 1).
- Cell 9 (Row 3, Column 2):** A circle with an arrow pointing up from the cell below it (Row 4, Column 2).
