

The image shows a 3x3 grid of 9 squares. Each square contains a unique geometric pattern composed of circles, lines, and arrows. The patterns are numbered 1 through 6, with the number 3 appearing twice. The patterns are as follows:

- Top-left:** A circle at the top-left corner. A line goes down from the circle, then right, then down again to the bottom-left corner.
- Top-middle:** A circle at the top-left corner. A line goes down from the circle to the bottom-left corner.
- Top-right:** A circle at the top-left corner. A line goes down from the circle, then right, then down again to the bottom-right corner.
- Middle-left:** A circle at the top-left corner. A line goes down from the circle, then right, then down again to the bottom-left corner.
- Middle-middle:** A circle at the top-left corner. A line goes down from the circle to the bottom-left corner.
- Middle-right:** A circle at the top-left corner. A line goes down from the circle, then right, then down again to the bottom-right corner.
- Bottom-left:** A circle at the top-left corner. A line goes down from the circle, then right, then down again to the bottom-left corner.
- Bottom-middle:** A circle at the top-left corner. A line goes down from the circle, then right, then down again to the bottom-right corner.
- Bottom-right:** A circle at the top-left corner. A line goes down from the circle, then right, then down again to the bottom-right corner.
