

A 6x6 grid with numbers and arrows. The numbers are: 4 (row 1, col 3), 1 (row 1, col 5), 7 (row 1, col 6), 9 (row 1, col 6, circled), 8 (row 2, col 5, circled), 9 (row 2, col 4, circled), 1 (row 2, col 3), 2 (row 5, col 6), 9 (row 6, col 3), and 6 (row 6, col 6). Arrows are placed in various cells, some pointing to the numbers. For example, an arrow points from (1,4) to (1,3), and another from (2,5) to (2,4).
