

A 3x3 grid puzzle. The grid is divided into 9 squares by thick black lines. The numbers 1, 3, 4, and 7 are placed in the top-middle, top-right, bottom-middle, and bottom-right squares respectively. The other squares contain circles with arrows pointing in various directions. The arrows and circles are arranged as follows:

- Top-left square: Two circles. One has an arrow pointing up-right, the other has an arrow pointing up-left.
- Top-middle square: One circle with an arrow pointing down-left.
- Top-right square: One circle with an arrow pointing down-left.
- Middle-left square: One circle with an arrow pointing up-right.
- Middle-middle square: Two circles. One has an arrow pointing down, the other has an arrow pointing down-left.
- Middle-right square: One circle with an arrow pointing up-left.
- Bottom-left square: Two circles. One has an arrow pointing up-left, the other has an arrow pointing up-right.
- Bottom-middle square: One circle with an arrow pointing down.
- Bottom-right square: Two circles. One has an arrow pointing down-left, the other has an arrow pointing up-right.
