

A 3x3 grid of 9 squares. Each square contains a number and a path of arrows. The numbers are 1 through 9. The paths are composed of straight arrows (horizontal, vertical, diagonal) and curved arrows (90-degree turns).

Number	Path Description
1	Start at top-left, arrow points right, then down, then right.
2	Start at top-middle, arrow points down, then left, then down.
3	Start at top-right, arrow points left, then down, then left.
4	Start at bottom-left, arrow points right, then up, then right.
5	Start at middle-left, arrow points right, then up, then right.
6	Start at middle-right, arrow points right, then up, then right.
7	Start at top-right, arrow points left, then down, then left.
8	Start at middle-left, arrow points left, then down, then left.
9	Start at bottom-middle, arrow points left, then up, then left.
