

A 3x3 grid puzzle. The grid contains numbers 1 through 9 in various cells. Some cells contain a circle with an arrow pointing to an adjacent cell. The paths are as follows:

- 1:** A circle in the middle row, middle column, with an arrow pointing down to the cell below it.
- 2:** A circle in the middle row, left column, with an arrow pointing up to the cell above it.
- 3:** A circle in the bottom row, left column, with an arrow pointing right to the cell next to it.
- 4:** A circle in the top row, left column, with an arrow pointing right to the cell next to it.
- 5:** A circle in the top row, middle column, with an arrow pointing down to the cell below it.
- 6:** A circle in the middle row, right column, with an arrow pointing left to the cell next to it.
- 7:** A circle in the bottom row, middle column, with an arrow pointing up to the cell above it.
- 8:** A circle in the middle row, right column, with an arrow pointing right to the cell next to it.
- 9:** A circle in the top row, right column, with an arrow pointing left to the cell next to it.
