

A 3x3 grid puzzle. The grid contains numbers and arrows indicating paths between circles. The numbers are: 2 (middle row, middle column), 3 (top row, right column), 4 (bottom row, left column), 5 (middle row, right column), 6 (bottom row, middle column), and 9 (middle row, right column, circled). The arrows indicate the following paths:

- From the circle at (row, column) (1, 1) to (1, 2) to (1, 3) to (2, 3) to (2, 2) to (2, 1) to (3, 1) to (3, 2) to (3, 3).
- From the circle at (1, 2) to (1, 3) to (2, 3) to (2, 2) to (2, 1) to (3, 1) to (3, 2) to (3, 3).
- From the circle at (1, 3) to (1, 2) to (1, 1) to (2, 1) to (2, 2) to (2, 3) to (3, 3) to (3, 2) to (3, 1).
- From the circle at (2, 1) to (2, 2) to (2, 3) to (3, 3) to (3, 2) to (3, 1).
- From the circle at (2, 2) to (2, 1) to (2, 3) to (3, 3) to (3, 2) to (3, 1).
- From the circle at (2, 3) to (2, 2) to (2, 1) to (3, 1) to (3, 2) to (3, 3).
- From the circle at (3, 1) to (3, 2) to (3, 3) to (2, 3) to (2, 2) to (2, 1) to (1, 1) to (1, 2) to (1, 3).
- From the circle at (3, 2) to (3, 1) to (3, 3) to (2, 3) to (2, 2) to (2, 1) to (1, 1) to (1, 2) to (1, 3).
- From the circle at (3, 3) to (3, 2) to (3, 1) to (2, 1) to (2, 2) to (2, 3) to (1, 3) to (1, 2) to (1, 1).
