

A 6x6 grid divided into four 3x3 subgrids. The grid contains the following elements:

- Top-left subgrid:** A circle with the number 8 at (2,3). Arrows indicate paths: (1,1) to (1,2), (1,2) to (1,3), (1,3) to (2,3), (2,3) to (2,4), (2,4) to (3,4), (3,4) to (3,3), (3,3) to (3,2), (3,2) to (3,1), (3,1) to (2,1), (2,1) to (2,2), (2,2) to (1,2).
- Top-right subgrid:** A circle with the number 1 at (1,1). Arrows indicate paths: (1,1) to (1,2), (1,2) to (1,3), (1,3) to (2,3), (2,3) to (2,4), (2,4) to (3,4), (3,4) to (3,3), (3,3) to (3,2), (3,2) to (3,1), (3,1) to (2,1), (2,1) to (2,2), (2,2) to (1,2).
- Middle-left subgrid:** A circle with the number 8 at (1,1). Arrows indicate paths: (1,1) to (1,2), (1,2) to (1,3), (1,3) to (2,3), (2,3) to (2,4), (2,4) to (3,4), (3,4) to (3,3), (3,3) to (3,2), (3,2) to (3,1), (3,1) to (2,1), (2,1) to (2,2), (2,2) to (1,2).
- Middle-right subgrid:** A circle with the number 4 at (2,2). Arrows indicate paths: (2,2) to (2,3), (2,3) to (2,4), (2,4) to (3,4), (3,4) to (3,3), (3,3) to (3,2), (3,2) to (3,1), (3,1) to (2,1), (2,1) to (2,2).
- Bottom-left subgrid:** A circle with the number 3 at (2,2). Arrows indicate paths: (2,2) to (2,3), (2,3) to (2,4), (2,4) to (3,4), (3,4) to (3,3), (3,3) to (3,2), (3,2) to (3,1), (3,1) to (2,1), (2,1) to (2,2).
- Bottom-right subgrid:** A circle with the number 4 at (2,2). Arrows indicate paths: (2,2) to (2,3), (2,3) to (2,4), (2,4) to (3,4), (3,4) to (3,3), (3,3) to (3,2), (3,2) to (3,1), (3,1) to (2,1), (2,1) to (2,2).
