

A 6x6 grid with numbers 1-9 and a path of circles. The numbers are placed in the following cells (row, column): (1,3)=1, (1,4)=6, (1,5)=7, (2,2)=3, (2,3)=6, (2,4)=2, (3,3)=5, (3,5)=1, (4,1)=3, (4,2)=7, (4,3)=2, (4,5)=6, (5,1)=1, (5,6)=8, (6,3)=8, (6,4)=7, (6,6)=1, (7,2)=5, (7,3)=3, (8,1)=4, (8,3)=8, (8,4)=7, (8,5)=5, (8,6)=6, (9,4)=7, (9,5)=5, (9,6)=4. The path of circles starts at (4,2), goes to (4,3), (4,4), (4,5), (5,5), (5,6), (6,6), (6,5), (6,4), (6,3), (6,2), (6,1), (7,1), (7,2), (7,3), (7,4), (7,5), (7,6), (8,6), (8,5), (8,4), (8,3), (8,2), (8,1), (9,1), (9,2), (9,3), (9,4), (9,5), (9,6).
