

A 6x6 grid with numbers and paths. The numbers are: Row 1: (1,1)=6, (1,3)=9, (1,4)=4, (1,5)=5, (1,6)=7; Row 2: (2,1)=2, (2,2)=5, (2,3)=4, (2,5)=3, (2,6)=4; Row 3: (3,1)=2, (3,2)=3, (3,3)=1, (3,4)=5, (3,5)=2, (3,6)=6; Row 4: (4,2)=8, (4,3)=5, (4,5)=3; Row 5: (5,3)=3, (5,4)=9, (5,5)=3, (5,6)=9; Row 6: (6,2)=9, (6,4)=5, (6,5)=4, (6,6)=1. Paths are shown as grey lines connecting circles. The paths are: 1. (1,1) to (2,1) to (3,1) to (4,1) to (5,1) to (6,1). 2. (1,2) to (2,2) to (3,2) to (4,2) to (5,2) to (6,2). 3. (1,3) to (2,3) to (3,3) to (4,3) to (5,3) to (6,3). 4. (1,4) to (2,4) to (3,4) to (4,4) to (5,4) to (6,4). 5. (1,5) to (2,5) to (3,5) to (4,5) to (5,5) to (6,5). 6. (1,6) to (2,6) to (3,6) to (4,6) to (5,6) to (6,6).
