

A 6x6 grid puzzle. The grid contains numbers and paths. The numbers are:

9					
5	8	2			
3	7				
8					

The paths are represented by gray lines connecting circles. The paths are:

- Path 1: Starts at (1,1), goes right to (2,1), down to (2,2), left to (1,2), up to (1,3), right to (2,3), down to (2,4), left to (1,4), up to (1,5), right to (2,5), down to (2,6).
- Path 2: Starts at (3,1), goes right to (4,1), down to (4,2), left to (3,2), up to (3,3), right to (4,3), down to (4,4), left to (3,4), up to (3,5), right to (4,5), down to (4,6).
- Path 3: Starts at (5,1), goes right to (6,1), down to (6,2), left to (5,2), up to (5,3), right to (6,3), down to (6,4), left to (5,4), up to (5,5), right to (6,5), down to (6,6).
- Path 4: Starts at (1,3), goes right to (2,3), down to (2,4), left to (1,4), up to (1,5), right to (2,5), down to (2,6).
- Path 5: Starts at (3,3), goes right to (4,3), down to (4,4), left to (3,4), up to (3,5), right to (4,5), down to (4,6).
- Path 6: Starts at (5,3), goes right to (6,3), down to (6,4), left to (5,4), up to (5,5), right to (6,5), down to (6,6).
