

A 6x6 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=6, (1,3)=2, (1,4)=9, (1,6)=6, (2,2)=8, (2,3)=2, (2,4)=1, (3,2)=7, (3,3)=9, (3,4)=3, (3,5)=4, (3,6)=7, (4,4)=9, (4,5)=2, (4,6)=4, (4,7)=3, (5,2)=5, (5,4)=4, (5,5)=6, (5,6)=4, (5,7)=5, (6,2)=9, (6,4)=2, (6,7)=8. A path of gray lines connects the numbers in the following order: 6 (1,1) -> 8 (2,2) -> 2 (2,3) -> 1 (2,4) -> 7 (3,2) -> 9 (3,3) -> 3 (3,4) -> 4 (3,5) -> 9 (4,4) -> 2 (4,5) -> 4 (4,6) -> 5 (5,6) -> 8 (6,7).
