

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=1, (1,4)=4, (1,6)=6, (1,9)=1, (2,1)=1, (2,3)=4, (2,4)=3, (2,7)=5, (2,8)=7, (3,5)=8, (4,2)=4, (4,3)=8, (4,7)=3, (4,9)=7, (5,1)=8, (5,2)=7, (6,4)=2, (6,7)=2, (6,8)=6, (7,4)=7, (7,8)=6, (8,2)=5, (8,3)=6, (8,5)=2, (8,6)=4, (8,8)=3. A path of gray lines connects the numbers in the following order: 1 (1,1) -> 4 (2,3) -> 3 (2,4) -> 6 (1,6) -> 1 (1,9) -> 7 (2,8) -> 9 (3,9) -> 7 (4,9) -> 2 (5,7) -> 6 (6,8) -> 6 (7,8) -> 3 (8,8) -> 4 (8,6) -> 2 (8,5) -> 7 (7,4) -> 6 (8,3) -> 5 (8,2) -> 4 (4,2) -> 8 (5,2) -> 7 (5,1) -> 1 (2,1).
