

A 6x6 grid with numbers and a path. The numbers are: Row 1: (1,1)=9, (1,2)=8, (1,4)=3; Row 2: (2,1)=4, (2,5)=3; Row 3: (3,1)=1, (3,3)=3, (3,4)=6, (3,5)=7; Row 4: (4,2)=8, (4,3)=2, (4,6)=7; Row 5: (5,1)=4, (5,2)=5, (5,3)=5, (5,5)=8, (5,6)=9; Row 6: (6,1)=2, (6,2)=3, (6,3)=6, (6,4)=2, (6,5)=6, (6,6)=1. The path is a continuous line of gray squares connecting the following cells: (1,4), (1,5), (2,5), (2,6), (3,6), (3,5), (3,4), (3,3), (4,3), (4,2), (4,1), (5,1), (5,2), (5,3), (6,3), (6,4), (6,5), (6,6).
