

A 6x6 grid with numbers and a continuous path. The numbers are placed in the following cells (row, column): (1,1)=2, (1,2)=3, (1,4)=6, (1,6)=4, (2,2)=4, (2,4)=2, (2,5)=3, (2,6)=5, (2,7)=8, (3,3)=5, (3,4)=3, (3,5)=8, (3,6)=2, (3,7)=9, (4,1)=1, (4,2)=6, (4,4)=2, (4,5)=4, (4,6)=8, (4,7)=9, (4,8)=1, (5,1)=9, (5,3)=8, (5,4)=3, (5,6)=1. The path is a continuous line of gray segments connecting the numbers in a specific sequence.
