

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=5, (1,2)=8, (1,3)=9, (1,4)=4, (1,5)=3, (1,6)=2, (1,7)=8, (1,8)=7, (1,9)=1; (2,1)=8, (2,2)=7, (2,3)=8, (2,4)=1, (2,5)=5, (2,6)=6, (2,7)=7, (2,8)=8, (2,9)=2; (3,1)=4, (3,2)=9, (3,3)=2, (3,4)=8, (3,5)=7, (3,6)=5, (3,7)=7, (3,8)=1, (3,9)=2. A path of grey lines connects the numbers in the following order: 5 (1,1) -> 8 (1,2) -> 9 (1,3) -> 4 (1,4) -> 3 (1,5) -> 2 (1,6) -> 8 (1,7) -> 7 (1,8) -> 1 (1,9) -> 8 (2,1) -> 7 (2,2) -> 8 (2,3) -> 1 (2,4) -> 5 (2,5) -> 6 (2,6) -> 7 (2,7) -> 8 (2,8) -> 2 (2,9) -> 4 (3,1) -> 9 (3,2) -> 2 (3,3) -> 8 (3,4) -> 7 (3,5) -> 5 (3,6) -> 7 (3,7) -> 1 (3,8) -> 2 (3,9).
