

A 6x6 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=2, (1,2)=6, (1,4)=1, (1,5)=9, (1,6)=3, (1,7)=7, (2,2)=2, (2,5)=8, (3,1)=1, (3,4)=2, (3,5)=2, (4,1)=5, (4,4)=7, (4,6)=9, (4,7)=1, (5,4)=5, (5,5)=9, (5,6)=1, (5,7)=4, (6,1)=3, (6,2)=4, (6,4)=6, (6,6)=2. A path of gray lines connects the numbers in the following order: 2 (1,1) to 6 (1,2) to 1 (2,2) to 8 (2,5) to 1 (3,1) to 2 (3,4) to 2 (3,5) to 7 (4,4) to 9 (4,6) to 1 (4,7) to 4 (5,7) to 2 (6,6) to 6 (6,4) to 5 (5,4) to 1 (3,1) to 2 (2,2) to 9 (1,5).
