

A 4x4 grid with numbers and a path. The numbers are: (1,1)=2, (1,2)=8, (1,3)=3, (1,4)=7; (2,1)=4, (2,2)=2, (2,3)=7, (2,4)=6; (3,1)=9, (3,2)=3, (3,3)=6, (3,4)=8; (4,1)=4, (4,2)=8, (4,3)=5, (4,4)=1; (5,1)=3, (5,2)=9, (5,3)=3, (5,4)=2; (6,1)=8, (6,2)=9, (6,3)=4, (6,4)=3. The path is a continuous line connecting the numbers in the following order: 2 (1,1) -> 8 (1,2) -> 3 (1,3) -> 7 (1,4) -> 6 (2,4) -> 8 (2,3) -> 7 (2,2) -> 2 (2,1) -> 4 (3,1) -> 9 (3,2) -> 3 (3,3) -> 6 (3,4) -> 8 (4,4) -> 1 (4,3) -> 5 (4,2) -> 9 (4,1) -> 4 (5,1) -> 3 (5,2) -> 9 (5,3) -> 4 (6,3) -> 3 (6,4).
