

A 6x6 grid with numbers and a continuous path. The numbers are placed in the following cells (row, column): (1,4)=5, (1,5)=3, (1,6)=7, (1,7)=2, (2,4)=6, (2,6)=8, (3,1)=8, (3,2)=3, (3,4)=1, (3,6)=6, (3,7)=5, (4,1)=6, (4,2)=2, (4,4)=1, (4,6)=3, (5,1)=1, (5,3)=7, (5,6)=2, (5,7)=1, (5,8)=9, (6,1)=4, (6,2)=2, (6,4)=1, (6,7)=8, (6,8)=4, (6,9)=1. The path is a continuous line of 20 segments connecting the numbers in a specific sequence.
