

A 6x6 grid with numbers and a path. The numbers are: Row 1: (1,5)=8, (1,6)=1; Row 2: (2,2)=6, (2,3)=1, (2,4)=4, (2,5)=1; Row 3: (3,1)=3, (3,2)=6, (3,5)=4, (3,6)=8; Row 4: (4,3)=5, (4,5)=3; Row 5: (5,1)=9, (5,2)=4, (5,3)=5, (5,4)=3, (5,5)=8, (5,6)=6, (5,7)=2, (5,8)=1; Row 6: (6,1)=2, (6,3)=8, (6,4)=1, (6,5)=9. A path of grey lines connects the numbers in the following order: 1 (R1C6) -> 1 (R2C5) -> 8 (R3C6) -> 4 (R3C5) -> 3 (R4C5) -> 5 (R5C4) -> 8 (R5C5) -> 2 (R5C7) -> 1 (R5C8) -> 9 (R6C5) -> 1 (R6C4) -> 8 (R6C3) -> 2 (R6C1) -> 9 (R5C1) -> 6 (R3C2) -> 3 (R2C2) -> 6 (R1C5).
