The puzzle grid is a 8x8 grid with a 4x4 sub-grid structure. The grid contains numbers and empty cells. A factor line is drawn through the grid, starting at the top-left cell (row 1, col 1) and ending at the bottom-right cell (row 8, col 8). The factor line consists of a series of connected line segments that move horizontally, vertically, and diagonally. The numbers 1, 3, 6, 7, 8, 9 are placed in the cells along the factor line. The numbers 2, 3, 4, 5, 6, 7, 8, 9 are placed in the cells not on the factor line. The number 9 is circled in the cell at row 3, col 5.
