Diagram illustrating a 4x4 Futoshiki puzzle grid with numerical clues and comparison symbols:

- Row 1: Four empty squares.
- Row 2: Four empty squares. An upward arrow (^) is positioned above the third square.
- Row 3: First square contains '1', second is empty, third is empty, fourth contains '3'. A rightward arrow (>) is positioned between the second and third squares.
- Row 4: First is empty, second contains '2', third is empty, fourth is empty. A downward arrow (v) is positioned below the second square, and an upward arrow (^) is positioned above the third square. A rightward arrow (>) is positioned between the first and second squares, and a leftward arrow (<) is positioned between the third and fourth squares.
