

PUZZLE MADNESS

Daily Easy Futoshiki Puzzle for Sunday 27th May 2018

		2		
	5		>	
	>		<	
1	<		<	4

The puzzle grid is a 5x5 grid of squares. The numbers 2, 5, 1, and 4 are placed in the third, second, first, and fourth columns respectively. The grid contains several comparison symbols: a downward arrow between the second and third squares of the second row; a rightward arrow between the second and third squares of the third row; a downward arrow between the second and third squares of the fourth row; a rightward arrow between the third and fourth squares of the fourth row; a downward arrow between the second and third squares of the fifth row; a leftward arrow between the first and second squares of the fifth row; a leftward arrow between the second and third squares of the fifth row; and a rightward arrow between the third and fourth squares of the fifth row.
