

The grid contains the following numbers and paths:

7				4	
	4		9	3	
		8			
9	2	8	7		1
					5
					9
3			1		6
			3	5	4
6					6
1	5	4			7
			7		2

The paths are drawn in the following cells:

- Row 1, Column 1: A path starting at (1,1), going down to (2,1), then up to (1,2).
- Row 1, Column 4: A path starting at (1,4), going down to (2,4), then up to (1,5).
- Row 2, Column 3: A path starting at (2,3), going down to (3,3), then up to (2,4).
- Row 3, Column 2: A path starting at (3,2), going down to (4,2), then up to (3,3).
- Row 3, Column 5: A path starting at (3,5), going down to (4,5), then up to (3,6).
- Row 4, Column 1: A path starting at (4,1), going down to (5,1), then up to (4,2).
- Row 4, Column 3: A path starting at (4,3), going down to (5,3), then up to (4,4).
- Row 4, Column 6: A path starting at (4,6), going down to (5,6), then up to (4,7).
- Row 5, Column 1: A path starting at (5,1), going down to (6,1), then up to (5,2).
- Row 5, Column 3: A path starting at (5,3), going down to (6,3), then up to (5,4).
- Row 5, Column 6: A path starting at (5,6), going down to (6,6), then up to (5,7).
- Row 6, Column 1: A path starting at (6,1), going down to (7,1), then up to (6,2).
- Row 6, Column 3: A path starting at (6,3), going down to (7,3), then up to (6,4).
- Row 6, Column 6: A path starting at (6,6), going down to (7,6), then up to (6,7).
