

A 9x9 grid with numbers and grey lines. The grid is divided into four quadrants by a vertical line between columns 4 and 5 and a horizontal line between rows 5 and 6. The numbers are as follows:

1				9		2		
	2	7		8				
5	3	9					8	
7	5	2	4				6	
	4		7	6				
				2		3		
					2			7
				5			1	
2							9	

The grey lines represent a path or structure within the grid. The path starts at (1,1), goes right to (2,1), then down to (2,2), then right to (3,2), then down to (3,3), then right to (4,3), then down to (4,4), then right to (5,4), then down to (5,5), then right to (6,5), then down to (6,6), then right to (7,6), then down to (7,7), then right to (8,7), then down to (8,8), then right to (9,8), then down to (9,9). There are also some isolated lines, such as a vertical line from (1,1) to (1,2), a horizontal line from (2,1) to (3,1), a vertical line from (3,1) to (3,2), a horizontal line from (3,2) to (4,2), a vertical line from (4,2) to (4,3), a horizontal line from (4,3) to (5,3), a vertical line from (5,3) to (5,4), a horizontal line from (5,4) to (6,4), a vertical line from (6,4) to (6,5), a horizontal line from (6,5) to (7,5), a vertical line from (7,5) to (7,6), a horizontal line from (7,6) to (8,6), a vertical line from (8,6) to (8,7), a horizontal line from (8,7) to (9,7), a vertical line from (9,7) to (9,8), a horizontal line from (9,8) to (9,9), a vertical line from (1,9) to (2,9), a horizontal line from (2,9) to (3,9), a vertical line from (3,9) to (3,8), a horizontal line from (3,8) to (4,8), a vertical line from (4,8) to (4,7), a horizontal line from (4,7) to (5,7), a vertical line from (5,7) to (5,6), a horizontal line from (5,6) to (6,6), a vertical line from (6,6) to (6,5), a horizontal line from (6,5) to (7,5), a vertical line from (7,5) to (7,4), a horizontal line from (7,4) to (8,4), a vertical line from (8,4) to (8,3), a horizontal line from (8,3) to (9,3), a vertical line from (9,3) to (9,2), a horizontal line from (9,2) to (9,1).
