	>	<						

This is a 9x9 grid for a Greater Than Sudoku puzzle. The grid contains several comparison operators (> or <) placed between cells. The operators indicate the relative values of the digits in adjacent cells. For example, if a cell has a > symbol above it, the digit in that cell must be greater than the digit in the cell below it. The grid is divided into three 3x3 subgrids (rows 1-3, 4-6, 7-9 and columns 1-3, 4-6, 7-9).
