

PUZZLE MADNESS

Daily Hard Greater Than Sudoku Puzzle for Wednesday 26th April 2006

A 6x6 grid of arrows on a light gray background. The grid consists of 36 small squares. Each square contains one of four types of arrows: a right-pointing arrow (>), a left-pointing arrow (<), an up-pointing arrow (^), or a down-pointing arrow (v). The arrows are distributed as follows: the first column has arrows pointing right (>) in the top three rows and left (<) in the bottom three rows; the second column has arrows pointing right (>) in the top two rows and left (<) in the bottom four rows; the third column has arrows pointing up (^) in the top row, down (v) in the second row, up (^) in the third row, and down (v) in the bottom two rows; the fourth column has arrows pointing right (>) in the top three rows and left (<) in the bottom three rows; the fifth column has arrows pointing right (>) in the top two rows and left (<) in the bottom four rows; and the sixth column has arrows pointing left (<) in the top two rows and right (>) in the bottom four rows.
