

The image shows a 3x3 grid of 9 cells. Each cell contains a unique pattern of black arrows. The arrows are distributed as follows:

- Top-left cell:** 6 arrows. Two vertical arrows on the left pointing left and right. Two horizontal arrows on the top pointing up and down. Two diagonal arrows in the center pointing up-left and down-right.
- Top-middle cell:** 4 arrows. One horizontal arrow on the top pointing up. One horizontal arrow on the bottom pointing down. One vertical arrow on the right pointing left. One diagonal arrow in the center pointing up-right.
- Top-right cell:** 6 arrows. Two horizontal arrows on the top pointing up and down. Two horizontal arrows on the bottom pointing left and right. Two diagonal arrows in the center pointing up-right and down-left.
- Middle-left cell:** 6 arrows. Two horizontal arrows on the top pointing left and right. Two horizontal arrows on the bottom pointing left and right. Two vertical arrows in the center pointing up and down.
- Middle-middle cell:** 4 arrows. One horizontal arrow on the top pointing right. One horizontal arrow on the bottom pointing left. One vertical arrow on the left pointing down. One diagonal arrow in the center pointing up-right.
- Middle-right cell:** 6 arrows. Two horizontal arrows on the top pointing left and right. Two horizontal arrows on the bottom pointing left and right. Two vertical arrows in the center pointing up and down.
- Bottom-left cell:** 6 arrows. Two horizontal arrows on the top pointing left and right. Two horizontal arrows on the bottom pointing left and right. Two vertical arrows in the center pointing up and down.
- Bottom-middle cell:** 6 arrows. Two horizontal arrows on the top pointing left and right. Two horizontal arrows on the bottom pointing left and right. Two vertical arrows in the center pointing up and down.
- Bottom-right cell:** 6 arrows. Two horizontal arrows on the top pointing left and right. Two horizontal arrows on the bottom pointing left and right. Two vertical arrows in the center pointing up and down.
