

# PUZZLE MADNESS

Daily Hard Greater Than Sudoku Puzzle for Monday 23rd April 2007

A 6x6 grid of arrows on a light gray background. The grid consists of 36 small squares. Each square contains one of four types of arrows: a right-pointing arrow (>), a left-pointing arrow (<), an up-pointing arrow (^), or a down-pointing arrow (v). The arrows are distributed as follows: the first column has all up-pointing arrows (^); the second column has alternating right and left arrows (> and <); the third column has alternating up and down arrows (^ and v); the fourth column has alternating right and left arrows (> and <); the fifth column has all down-pointing arrows (v); and the sixth column has all right-pointing arrows (>). The grid is bounded by thick black lines.
