

PUZZLE MADNESS

Daily Hard Greater Than Sudoku Puzzle for Friday 29th May 2009

				>	>	>	<	
>				^		^		
	<	<						<

A 9x9 grid for a Greater Than Sudoku puzzle. The grid is divided into 3x3 subgrids by thick black lines. Numerical values are not provided; instead, comparison operators (> or <) are placed between adjacent cells to indicate which digit is larger. The operators are as follows:

- Row 1: All cells are empty.
- Row 2: Cell 1 is empty, Cells 2-9 have no operators.
- Row 3: Cells 1-4 have no operators, Cells 5-9 have no operators.
- Row 4: Cells 1-3 have no operators, Cells 4-6 have no operators, Cells 7-9 have no operators.
- Row 5: All cells are empty.
- Row 6: All cells are empty.
- Row 7: All cells are empty.
- Row 8: All cells are empty.
- Row 9: All cells are empty.

For example, in Row 3, Cell 5 has a > symbol pointing right, indicating the digit in Cell 5 is greater than the digit in Cell 6. In Row 4, Cell 4 has a < symbol pointing left, indicating the digit in Cell 4 is less than the digit in Cell 3. The operators are placed at the boundaries between adjacent cells.
