

# PUZZLE MADNESS

Daily Hard Greater Than Sudoku Puzzle for Thursday 23rd July 2009

A 4x8 grid of arrows on a coordinate system. The grid is defined by a vertical y-axis with labels <, ^, and > at the top and bottom, and a horizontal x-axis with labels <, ^, >, and v along the right edge. The grid lines are black, and the arrows are small black shapes pointing in various directions. The arrows form a repeating pattern of diagonal bands across the grid. The first band (top-left) has arrows pointing up-right. The second band has arrows pointing down-left. The third band has arrows pointing up-left. The fourth band (bottom-right) has arrows pointing down-right.
