

The image displays a 3x3 grid of 9 diagrams. Each diagram is composed of a set of horizontal and vertical lines, with arrowheads indicating direction. The diagrams are as follows:

- Top-left:** A vertical line with an upward arrowhead at the top and a downward arrowhead at the bottom. A horizontal line with a leftward arrowhead at the left and a rightward arrowhead at the right.
- Top-middle:** A vertical line with an upward arrowhead at the top and a downward arrowhead at the bottom. A horizontal line with a leftward arrowhead at the left and a rightward arrowhead at the right.
- Top-right:** A vertical line with an upward arrowhead at the top and a downward arrowhead at the bottom. A horizontal line with a leftward arrowhead at the left and a rightward arrowhead at the right.
- Middle-left:** A vertical line with an upward arrowhead at the top and a downward arrowhead at the bottom. A horizontal line with a leftward arrowhead at the left and a rightward arrowhead at the right.
- Middle-middle:** A vertical line with an upward arrowhead at the top and a downward arrowhead at the bottom. A horizontal line with a leftward arrowhead at the left and a rightward arrowhead at the right.
- Middle-right:** A vertical line with an upward arrowhead at the top and a downward arrowhead at the bottom. A horizontal line with a leftward arrowhead at the left and a rightward arrowhead at the right.
- Bottom-left:** A vertical line with an upward arrowhead at the top and a downward arrowhead at the bottom. A horizontal line with a leftward arrowhead at the left and a rightward arrowhead at the right.
- Bottom-middle:** A vertical line with an upward arrowhead at the top and a downward arrowhead at the bottom. A horizontal line with a leftward arrowhead at the left and a rightward arrowhead at the right.
- Bottom-right:** A vertical line with an upward arrowhead at the top and a downward arrowhead at the bottom. A horizontal line with a leftward arrowhead at the left and a rightward arrowhead at the right.
