

# PUZZLE MADNESS

Daily Hard Greater Than Sudoku Puzzle for Saturday 22nd December 2012

A 4x4 grid of arrows on a coordinate system. The grid consists of 16 small squares. Each square contains one of four types of arrows: '^' (up), 'v' (down), '<' (left), or '>' (right). The arrows are arranged in a repeating pattern across the grid. The top row has arrows pointing left, right, left, right. The second row has arrows pointing right, left, right, left. The third row has arrows pointing up, down, up, down. The bottom row has arrows pointing down, up, down, up. The grid is bounded by thick black lines at the intersections.
