

PUZZLE MADNESS

Daily Hard Greater Than Sudoku Puzzle for Wednesday 2nd April 2014

A 3x3 grid of arrows on a coordinate system. The grid consists of 9 squares, each containing a single arrow pointing in a specific direction. The arrows are represented by small black symbols: '^' for up, 'v' for down, '>' for right, and '<' for left. The arrows are arranged as follows:

	Column 1	Column 2	Column 3
Row 1	>	v	>
Row 2	v	>	>
Row 3	>	v	<

The grid is set against a background of a 6x6 grid of horizontal and vertical lines, creating a coordinate system. The arrows are positioned at the intersections of the grid lines.
