

# PUZZLE MADNESS

Daily Hard Greater Than Sudoku Puzzle for Sunday 29th March 2015

A 4x4 grid of arrows on a coordinate system. The grid consists of 16 small squares. Arrows point from the center of each square to its top-right corner. The arrows are oriented as follows:

- Top row: Right (>) at (1,1), Down-left (<) at (2,1), Up-right (^) at (3,1), Down-right (<) at (4,1).
- Second row: Up-right (^) at (1,2), Down-right (<) at (2,2), Right (>) at (3,2), Down-left (<) at (4,2).
- Third row: Up-right (^) at (1,3), Down-left (<) at (2,3), Up-right (^) at (3,3), Down-right (<) at (4,3).
- Bottom row: Up-right (^) at (1,4), Down-left (<) at (2,4), Up-right (^) at (3,4), Down-right (<) at (4,4).
