

# PUZZLE MADNESS

Daily Hard Greater Than Sudoku Puzzle for Monday 16th January 2017

A 4x4 grid of arrows on a coordinate system. The grid consists of 16 small squares. Arrows point from the center of each square to its top-right corner. The arrows are oriented as follows:

- Top row: Right (>) at (1,1), Up (v) at (1,2), Left (<) at (1,3), Down (^) at (1,4).
- Second row: Down (^) at (2,1), Right (>) at (2,2), Up (v) at (2,3), Left (<) at (2,4).
- Third row: Left (<) at (3,1), Up (v) at (3,2), Right (>) at (3,3), Down (^) at (3,4).
- Bottom row: Up (v) at (4,1), Right (>) at (4,2), Left (<) at (4,3), Up (v) at (4,4).
