

PUZZLE MADNESS

Daily Hard Greater Than Sudoku Puzzle for Thursday 20th July 2017

A 6x6 grid of arrows on a coordinate system. The grid has major horizontal and vertical lines. Arrows point along these lines, indicating direction. The arrows are represented by symbols: '^' for up, 'v' for down, ' >' for right, and '<' for left. The arrows form a pattern where they generally point towards the center of the grid from all four sides.
