

PUZZLE MADNESS

Daily Hard Greater Than Sudoku Puzzle for Friday 12th January 2018

A 4x8 grid of arrows on a coordinate system. The grid is defined by a vertical y-axis with labels y_1, y_2, y_3, and y_4 from top to bottom, and a horizontal x-axis with labels x_1, x_2, x_3, x_4, x_5, x_6, x_7, and x_8 from left to right. The grid lines are black. Arrows are placed at the intersections of the grid lines. The arrows are represented by small black shapes: '^' for up, 'v' for down, 'l' for left, and 'r' for right. The arrows follow a specific pattern: starting from the top-left corner ((y_1, x_1)), the first row has arrows pointing down ('v') at x_1, x_2, x_4, x_6, x_7. The second row has arrows pointing up ('^') at x_2, x_3, x_5, x_6, x_7 and left ('l') at x_1. The third row has arrows pointing up ('^') at x_1, x_3, x_4, x_5, x_7 and left ('l') at x_2. The fourth row has arrows pointing down ('v') at x_1, x_2, x_4, x_6, x_7 and right ('r') at x_8. The fifth row has arrows pointing down ('v') at x_1, x_2, x_4, x_6, x_7 and right ('r') at x_8. The sixth row has arrows pointing up ('^') at x_1, x_3, x_4, x_5, x_7 and left ('l') at x_2. The seventh row has arrows pointing up ('^') at x_2, x_3, x_5, x_6, x_7 and left ('l') at x_1. The eighth row has arrows pointing down ('v') at x_1, x_2, x_4, x_6, x_7. The ninth row has arrows pointing up ('^') at x_2, x_3, x_5, x_6, x_7 and right ('r') at x_8. The tenth row has arrows pointing down ('v') at x_1, x_2, x_4, x_6, x_7.
