

The image displays two 10x10 grids, each containing a set of numbers from 1 to 7. The numbers are placed in specific cells, and the distribution is different between the two grids.

Left Grid Distribution:

- Row 1: (1, 3) = 3, (1, 4) = 2, (1, 6) = 2
- Row 2: (2, 1) = 4, (2, 3) = 3, (2, 5) = 6
- Row 3: (3, 1) = 3, (3, 3) = 2
- Row 4: (4, 1) = 3, (4, 5) = 3
- Row 5: (5, 2) = 1, (5, 5) = 7
- Row 6: (6, 1) = 2, (6, 5) = 4

Right Grid Distribution:

- Row 1: (1, 1) = 3, (1, 8) = 1
- Row 2: (2, 1) = 7, (2, 6) = 2, (2, 9) = 1
- Row 3: (3, 6) = 2, (3, 8) = 4
- Row 4: (4, 1) = 6, (4, 6) = 2
- Row 5: (5, 1) = 6, (5, 8) = 3
- Row 6: (6, 1) = 1
