

The image displays two 10x10 grids, each containing a set of numbers from 1 to 7. The numbers are placed in specific cells, and the distribution is different between the two grids.

**Left Grid Distribution:**

- Row 1: (1, 3) = 3, (1, 4) = 2, (1, 5) = 2
- Row 2: (2, 1) = 4, (2, 3) = 6
- Row 3: (3, 1) = 3, (3, 3) = 2
- Row 4: (4, 1) = 3, (4, 3) = 3
- Row 5: (5, 2) = 1, (5, 4) = 7
- Row 6: (6, 1) = 2, (6, 4) = 4

**Right Grid Distribution:**

- Row 1: (1, 1) = 3, (1, 4) = 1
- Row 2: (2, 1) = 7, (2, 3) = 2, (2, 5) = 1
- Row 3: (3, 3) = 2, (3, 4) = 4
- Row 4: (4, 1) = 6, (4, 3) = 2
- Row 5: (5, 1) = 6, (5, 4) = 3
- Row 6: (6, 1) = 1
