

A 10x10 grid with a complex black path and a light gray shaded area. The path starts at the top-left corner (0,0) and ends at the bottom-right corner (9,9). The shaded area is a light gray region that covers the top-right portion of the grid, starting from the top-right corner and extending towards the center. The path is a single continuous line that winds through the grid, avoiding the shaded area. The path is composed of horizontal and vertical segments. The shaded area is a light gray region that covers the top-right portion of the grid, starting from the top-right corner and extending towards the center. The path is a single continuous line that winds through the grid, avoiding the shaded area. The path is composed of horizontal and vertical segments.
