

A 10x10 grid with a complex black path and a light gray shaded area. The path starts at the top-left corner (0,0) and winds through the grid, ending at the bottom-right corner (9,9). The path is composed of horizontal and vertical segments. The area to the right of the path, from column 4 to column 9, is shaded light gray. The path itself is black, and the remaining area is white. The path is a single continuous line that forms a complex shape, with many turns and loops. The shaded area is a solid light gray rectangle. The grid lines are thin and gray. The overall image is a square with a white background.
